I cannot thank Rob, Dexter and everyone else for all the dedication, effort and enthusiasm they put in with the Juniors!

My son was diagnosed with autism as a toddler and any kind of social/group environment would be hugely stressful for him (and us)! However, at home, he was quite the little entertainer!

We finally persuaded Ben to pop along to one of the sessions about 18 months ago and basically, none of us have looked back!

I simply don't recognise the confident, funny and (biased I know) talented 10 year old who I see performing!

The best thing about the group, from a parental point of you, is the way that children with any difficulties or additional needs, are warmly welcomed by everyone and included in everything. Thank you all so much :-)

Class 1 had a super start to their theme week! In the Suuperhero Workshop we learnt how to make ourselves 'invisible' by making body shapes that resembled postboxes, lampost and rocks! Then (with clever, age appropriate modelling and scaffolding of ideas)we created and shared our very own superhero adventures - all of which was enhanced by plenty of dramatic superhero music! Back in the classroom, we superheros are now keen to draw and write more heroic stories to share with Rob and Dexter! Entertainingly Different are a tonic for both children and staff!

What a fantastic day! And Rob you made it so! When we asked you to be our Master of Ceremonies and run some of your amazing workshops we knew it would be good. However it was truly amazing. You were the talk of the day! Your professionalism shone through from the moment our guests started to arrive and were greeted by you. You supported the Ushers and Best Man, organised the live music, photographs and the wedding breakfast. When my young bridesmaid had a tearful break down you were suddenly blowing up balloons and making animals to distract her! When you stood up after the starter and began the 'penguin' game it was magical. I don't think people knew what on earth was going on...but from the youngest to the oldest they ended up giving a 'micro wave'. Then the zany trousers came out and your role switched again. Suddenly the children were in the gardens practicing circus tricks and laughter filled the air. The parents were able to relax and enjoy the speeches without having to try and keep a bored child quiet! Later in the day Dexter turned up and I remember David laughing and saying that he had just seen you both in dressing gowns and shower caps!! Everyone was talking about how approachable you were, the fact you knew people's names, ensured everything ran smoothly, how different it was and at that point I knew that I had achieved what I wanted. I had said to David that our wedding was going to be something different....and Rob you achieved that for us! Thank you so much and we would recommend you to anyone and everyone. All the very best in the future for you and Dexter and the wonderful "Entertainingly Different"

Thank you so much for coming and hosting our summer fete, the weather was miserable but you made sure that people weren't !! You entertained young and old alike and the raffle would not have been the same without you.

Thank you so much for everything we look forward to seeing you again soon.

Thank you. We found it great fun working with both of you. We especially liked the show of Little Red Riding Hood and loved the puppets and their expressions. We liked the story the puppet rat told us in our classroom. Please can you come back next year. Thank you again, we had great fun and laughed lots.

Love,

Class 2 Instow School

Rob and Dexter - a big thank you from us all at Instow School for a superb day of fun, laughter, story, mime, improvisation and 'for un-locking much from many'. You are a top quality act and we will recommend you highly to others. Especially impressive that you are brilliant with Key Stage 1 children as well as the older children in the school. Great therapy for the staff on a Monday morning too, after a weekend of annual report writing! Many thanks!

Hi Rob

On behalf of 1st Crediton Scout Group may I take this opportunity to thank you for agreeing to comper our evening 'Crediton Scout's Got Talent' back in December 2011. This was the first time we had put on an event such as this and we were very unsure how the evening would go. Well, what talent we had amongst us and your compering just pulled the show together! It proved to be a memorable occasion and it was a pleasure to work with you. Debbie

Hi Rob

What a great evening my Beavers had when you came to teach them Circus Skills last November. The boys loved the evening and put their new found skills to good use in our Scout Talent Show in December 2011. Thank you so much.
